

District of Columbia Ryan White Program

Who to Contact for Assistance

Care and Support Services Program

The Program Officer Team provide sub-recipients with technical assistance and address programmatic components such as:

- Grant and/or contract requirements;
- Funding areas and covered services; and
- Addressing issues related to non-compliance and remediation with funding requirements and missed deliverables.

Monitoring and Evaluation Program

The M&E Team provide sub-recipients with technical assistance on data management and quality management topics such as:

- Grant and/or contract data reporting requirements;
- Using data to monitor and improve performance and clinical outcomes;
- Developing and advancing a Quality Management Program and/or Plan;
- Quality Improvement Project design and coaching; and
- Accessing and/or transmitting data through the CAREWare data system.

Pharmacy Benefits Program

The DC Health Pharmacy Benefits Program provides health insurance and medication assistance to District residents who are uninsured or under-insured to include:

- Processing AIDS Drug Assistance Program (ADAP) enrollment applications;
- Determining eligibility for ADAP-funded services and drugs;
- Prescription coverage and health insurance assistance to eligible beneficiaries; and
- ADAP pharmacy network dispenses and ADAP formulary medications.
